

H2856-304

Valvole a galleggiante /
Floating valves

Modello / Model
H2856-304

Materiale / Material
Aisi 304

Tenuta / Seal
SILICONE

DN
10 - 32

PN
10

Caratteristiche tecniche /

Construction features

- **Attacco filettato gas maschio secondo /**
Threaded end gas male according to
ISO 228/1
- **Pressione nominale di esercizio /**
Nominal working pressure
10 bar
- **Temperatura di esercizio /**
Working temperature
-20°C – +150°C

Componenti e materiali /

Components and materials

1	Corpo / Body	Acciaio inox Aisi 304 / SS Aisi 304
2	Galleggiante / Floating	Acciaio inox Aisi 304 / SS Aisi 304

Dimensioni e pesi /

Dimensions and weights

Corpo valvola / Valve body

Codice Code	Materiale Material	Misura Size	DN	PN	Peso in kg. Weight in kg.	Dimensioni in mm Dimensions in mm	
						A	L
H285603304	Aisi 304 + Silicone	3/8"	10	10	0,10	32	304
H285604304		1/2"	15	10	0,17	35	415
H285605304		3/4"	20	10	0,31	42	485
H285606304		1"	25	10	0,37	45	581
H285607304		1" 1/4	32	10	0,47	52	581

Galleggiante / Float

Codice Code	Materiale Material	Misura Size	Peso in kg. Weight in kg.	Dimensioni in mm Dimensions in mm	
				D	M
H2852090304	Aisi 304	3/8"	0,07	90	M6

H2856

Valvole a galleggiante /
Floating valves

DN80 - DN100

Modello / Model
H2856

Materiale / Material
Aisi 316

Tenuta / Seal
SILICONE

DN
10 - 100

PN
10

Caratteristiche tecniche /

Construction features

- **Attacco filettato gas maschio per misure da DN 10 a DN 65 secondo /** Threaded end gas male connection for sizes from DN 10 to DN 65 according to ISO 228/1
- **Attacco flangiato per DN 80 e 100 secondo /** Flanged end for DN 80 and 100 according to EN 1092 PN 10/16
- **Pressione nominale di esercizio /** Nominal working pressure 10 bar
- **Temperatura di esercizio /** Working temperature -20°C – +150°C

Componenti e materiali /

Components and materials

1	Corpo / Body	Acciaio inox Aisi 316 / SS Aisi 316
2	Galleggiante / Floating	Acciaio inox Aisi 316 / SS Aisi 316

Su richiesta /
On request

Filettatura NPT / NPT thread
